

ATHENA - BANNER STAND user instructions

1

ATHENA Banner stand kit includes:
Aluminium base with removable cassette
Telescopic 3 section pole
Printed graphic panels
Carry bag

2

Twist the telescopic pole to unlock each section. Fully extend the bottom two sections to maximum length. Extend the top so the height markings line up at ~2130mm. Twist again to lock in position.

3

Carefully pull the graphic from the top of the silver base. Lean the banner stand backwards and extend the roll up banner toward you until fully extended.

4

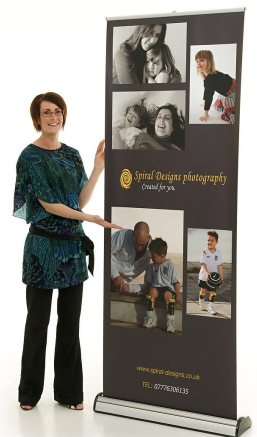

Hook the top rail of the banner stand over the bungee pole. Make any final adjustments to the pole height.

5

If you have the optional light, attach it to the rear of the pole.

6

The exhibition display banner stand is now fully assembled and ready for use

7

To lower the roll up banner, gently feed the graphic into the base. **Do not let go of the graphic until fully retracted into the base.**

8

Twist / unlock the telescopic pole and place the pole in the base. Your portable banner stand can be easily transported in the supplied protective carry bag.

How to care for your Graphics

When cared for correctly, your graphics have the potential to give excellent service for a considerable time.

1. Never fold or bend your graphics
2. Use the supplied case for transportation
3. Do not expose graphics to water / moisture
4. Do not expose graphics to excessive heat
5. Do not expose graphics to direct sunlight
6. Store in dry temperature environment
7. Store at room temperature for 48 hrs before use to avoid curling
