

## Kingston Exhibition Counter

Scan our QR code to  
view the full  
assembly video

You'll receive x2  
side panels, counter  
top and fixings.

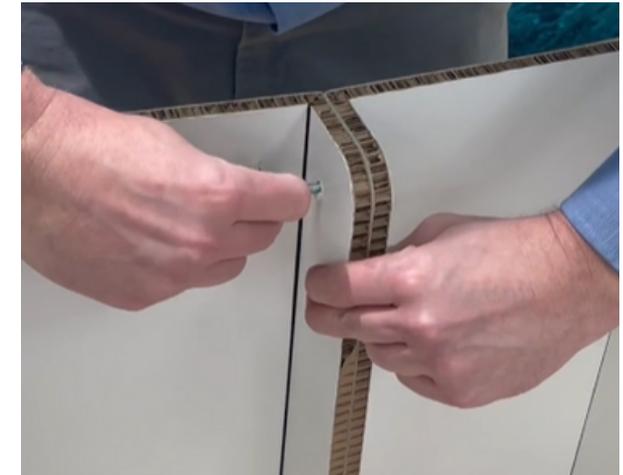

### Step 1

Stand both side panels up by folding the end panels round, with the print facing outwards.

### Step 2

Bring together the smaller tabs which will be on the inside of the counter.

### Step 3

Secure the smaller tabs in to place with the supplied screws and washers.

Complete on both sides until the base of the counter has formed.

**Step 4**  
Add the counter top. The top will fit into the base and rest securely on top.
