

## Pop Up Stand Monitor

Scan our QR code to  
view the full  
assembly video

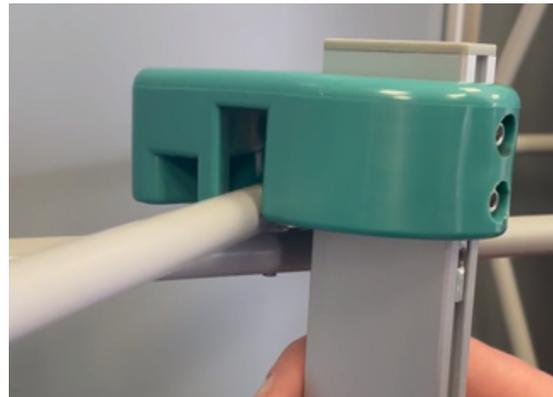

You'll receive a  
VESA plate &  
monitor arm.

### Step 1

Attach the supplied Vesa plate to the back of your TV monitor.

### Step 2

Clip the monitor arm clips into place where the pop up bars cross over.

**Attach your panel over the top.**

### Step 3

The bracket fitted to the back of your TV will slide on to the monitor arm you earlier added to the pop up frame.

#### **Step 4**

When you reach the silver protruding piece, push the silver piece in and the bracket can slide further onto the monitor arm. This will then click into place.

**The TV is now ready to use.**
