

Event Display Board

Scan our QR code to view the full assembly video

Step 1
Start by taking 1 set of display boards with the foot pegs on the floor. Creating a similar shape as shown.

Step 2
Place the locking clips on the top section of the display boards.

Step 3
Position the second set of folding display boards on top of the first set. The bottom panels will have the locking clips fitted.

Step 4
Lock the 2 sets of panels securely, by pushing the locking clips outwards toward the edge of the panel.

Position the panels into desired shape and your display is ready to use.

Step 5 (Optional Header)
Attach a header to the your display panels, add the locking clips, then the header. Slide the locking clips outwards to lock in place.
